

The Old Burying Yard

LONGMEADOW, MASSACHUSETTS

INTRODUCTION

The contents of this booklet have been collected from inscriptions on the grave stones of the earliest settlers of the Town of Longmeadow, Massachusetts who were buried in the parish cemetery of the First Church of Christ, gathered in 1716.

This record is confined strictly to the information inscribed on the burial stones. There has been no presumptions made on the written record, nor any embellishment of the inscribed words.

It is hoped that this document will add to our knowledge of early Longmeadow, and, together with other records being compiled in the Town during this Bicentennial year, will serve to advance the early history of our country.
